EDUCATION

Vellore Institute of Technology (VIT), Vellore
B.Tech in Computer Science and Engineering (Data Science)
Expected Graduation: 2028 (Currently 3rd Year) | CGPA: 8.21 / 10

SKILLS

Languages: Python, Java, SQL
AI / ML: Generative AI, Gemini API integration, AI-assisted development, RAG, Agentic AI, LangChain
Web Development: HTML, CSS, JavaScript, React, Bootstrap
Backend & Cloud: FastAPI, Firebase Auth, Google Apps Script, Render
Databases & APIs: SQL, Google Sheets, REST API integration, Power BI
Automation: n8n, Workflow Automation, RSS Processing
Tools: Git, GitHub

PROJECTS

IntelliMail | *React, FastAPI, Python, Firebase, Gemini API*

- Built an AI-powered Gmail assistant independently, using AI-assisted development, featuring smart inbox sync, one-click replies, and email scheduling/snooze.
- Integrated the Gmail API for reading and writing mail and Gemini models to refine and summarize email content.
- Deployed the backend on Render for live use.

Faculty Feedback | *HTML, CSS, JavaScript, Google Apps Script, Google Sheets*

- Developed an anonymous feedback platform where students select their school and course and submit written feedback on faculty.
- Integrated an AI layer to read submissions and surface the drawbacks and opinions expressed about a given faculty member.
- Used Google Sheets as a lightweight backend for storing feedback data.

Business Website — Sai Ganga Granites & Minerals | *HTML, CSS, JavaScript, Google Apps Script*

- Designed and built a business website to help the company reach customers and maintain communication more easily.
- Automated enquiry handling with Apps Script for instant mail notifications, storing contact and enquiry data in Google Sheets.

Automated LinkedIn Post Generator | *n8n*

- Built a no-code automation workflow using n8n to generate and schedule LinkedIn posts automatically.

Automated News Briefing Mailer | *n8n, RSS*

- Built a workflow that fetches news via RSS feeds, processes it, and emails a summarized brief alongside the original article and source link for deeper reading.

CERTIFICATIONS

- **Introduction to Artificial Intelligence** — IBM SkillsBuild (2026)
- **Introduction to Generative AI Studio** — Simplilearn (2025)
- **Build Your Own AI Automation Platform** — NxtWave Academy (2026)

EXTRACURRICULAR ACTIVITIES

Media Coordinator | *Sahiti - TLA (Literary Club), VIT Vellore*

- Built skills in interpersonal communication, team building, and event coordination through club activities.
- Contributed as photographer and web designer for cultural events.

Startup Street | *SDG-themed startup pitch competition*

- Participated two years running, pitching cost-effective, public-focused startup ideas around SDG themes; progressed to the second round in the most recent edition.
- Interacted with early-stage startup founders, gaining exposure to entrepreneurship and reinforcing teamwork and collaboration skills.
